TERMS OF SUBSCRIPTION.

TUESDAY, NOVEMBER 20, 1877.

The most startling item was very strong with the earliest holdings, and the demand for the shares on the Chicago Board of Trade was large. Sterling exchange was weak. In consequence quotations were dull. The Stock Yards cattle market was active and firm. The Chicago produce markets were less active. Grain advanced through the session, while pig products showed strength, but declined. The Dallas supply of the session was reported that that was taken for. An exchange with Saturday quotations showed May corn higher, last by cents higher, rye 1 cent higher, oats 1/2 cent higher, pork 25 cents higher, lard 7 1/2 cents higher, and meats, barley 5 cents higher.

Chicago elevators contained last Saturday evening 1,470,000 bushels of wheat, 1,412,000 bushels of corn, 1,000,000 bushels of oats, 70,000 bushels of rye, and 80,000 bushels of barley. Total, 4,000,000 bushels of all kinds of grain, against 11,000,000 bushels a year ago. For the week past the receipts of the Chicago Board of Trade agree not closely with the exports of grain to the United States and Canada, as 2,000,000 bushels of wheat, 1,000,000 bushels of corn, 1,000,000 bushels of oats, 200,000 bushels of rye, and 100,000 bushels of barley. These figures are larger than the corresponding week a week ago by 400,000 bushels of wheat and another by 400,000 bushels of corn. The visible supply of grain for the corresponding week a year ago footed up 9,000 bushels.

The business of the local clearing-house for the week ended Saturday night was $17,000,000, against $18,000,000 the week before, and $20,000,000 the week before that. The decrease is attributed to the fact that the banks have been paying out currency to the farmers who have been selling their crops, and that the banks have not received any corresponding amount from the interior. The banks are not alarmed at the situation, and are confident that the money will soon flow back to the city. A FINE SMOKE-CONSUMER.

If your carpet looks dingy and you wish to restore its colors to their original freshness, use Ivory Soap and tepid water; apply with a scrubbing brush; use very little water so as not to saturate the carpet. After scrubbing lightly, rub the carpet with a cloth; wet frequently with clear water so as to take up the dirt and soap; wring out the cloth thoroughly before wetting it again.

A WORD OF WARNING.

There are many white soaps, each represented to be "just as good as the 'Ivory;'" they ARE NOT, for they all counteract, but the peculiar and unalterable qualities of the genuine. Ask for "Ivory" Soap and insist upon getting it.

Thousands of Chicago's Best-Dressed People Wear

WILDE'S TAILOR-MADE CLOTHING.

Our clothing is rapidly taking the place of custom-made garments. It is made to wear—made to win your confidence—not merely to sell.

We can readily imagine the feelings of a man who has been unfortunate in his choice of a clothier, having been misled by sensational newspaper advertising. We do not want such a trade-mark. Our purpose is to give the greatest legitimate value for the amount you have to spend, and win business upon the solid merits of our TAILOR-MADE CLOTHES.

GOVERNMENT TESTS.

The Royal Baking Powder Declared Superior to All Others.

The fact that Royal Baking Powder is, in all respects, the best baking powder offered to the public has been established beyond question.

Prof. H. A. Mott, when employed by the U. S. Government to analyze the various baking powders of the market to determine which was the best and most economical, after an extended investigation, reported in favor of the Royal, and it was adopted for government use.

Prof. Mott has continued his examinations of baking powders sold at the present day, and now affirms it as his deliberate judgment, arrived at after most thorough research, and a careful examination of the principal brands of the market, that the Royal is undoubtedly the purest and most reliable baking powder offered to the public. Prof. Mott, in his recent report says:

"The Royal Baking Powder is absolutely pure, for I have so found it in many tests made both for that company and the U. S. Government.

"I will go still further and state that, because of the facilities that company have for obtaining perfectly pure cream of tartar, and for other reasons dependent upon the proper proportions of the same, and the method of its preparation, the Royal Baking Powder is undoubtedly the purest and most reliable baking powder offered to the public.

Kirk's White Cloud Floating Soap.

Read what Chicago's Chief Caterer says of
THE CHIEF OF WHITE SOAPS:
"Messrs. Jas. S. Kirk & Co.:
"Gentlemen: Soap being an important factor in my business, I have
"taken pains to test the various kinds offered in the market, and have
"decided that for my purpose your White Cloud Floating Soap is
"THE BEST OF ALL."
"I have never found any other that so completely fills the bill.
"White Cloud is attractive in appearance, washes splendidly, is
"cheap in handling, and as there is no waste it is economical. I like
"the soap very much, and take pleasure in recommending it.
"Yours truly, H. M. KINSLEY."

Guaranteed to be absolutely pure. A snow-white floating soap. Without a peer for the bath, toilet, and fine laundry work.

If your dealer does not keep White Cloud Soap send us 15c for a postpaid sample.
